Camara's Fleet Returns to Spain From Suez Canal

FEAR CAPTURE IN THE MEDITERRANEAN BY WATSON

Port Said, July 11—Special—Admiral Camara, on board the Spanish flagship Pelayo, leaves here this morning. The cruiser Carlos IV and ten transports await outside the port. The admiral was allowed to transport six hundred tons of coal from the San Augustine in the harbor, furnishing a guarantee that the Pelayo needed it, and that the squadron was returning to Spain direct.

Later—The entire Spanish squadron under Camara sailed this afternoon homeward bound.

Where Is Watson?

Washington, July 11—Special—There is much mystery regarding the fleet which, it was announced several days ago, would start for Spain to shell the seaboard cities and intercept Camara's fleet on its return from the Suez canal. At the last accounts made public Commodore Watson was still off the coast of Cuba, yet he may have started on his mission and the facts have been kept secret. It is the opinion of many that the squadron is already well on its way across the Atlantic, although a few think the plan has been abandoned. It is the prevailing opinion, however, that Watson has gone, and that he will be heard from within a few days. He may not be in time to intercept the fleet in the Mediterranean, but can doubtless give the Spaniards a good deal of trouble. The fact that nothing has been heard from him for several days leads to the supposition that he has started across the ocean.

Madrid Is Moody.

Madrid, July 11—Special—A sullen mood, ominous of evil, has overspread the capital. The disasters that have followed each other in quick succession have disheartened the most sanguine. Officials grudgingly admit that Spain is no match for the United States on either land or sea, and are looking for some means by which the war may be terminated without ruinous loss of territory and prestige, while the commercial classes are praying for peace at any cost, seeing that a continuance of war will bring utter ruin. The common people are desperate and do not seem to care what befalls the nation. They are ready to espouse the cause of any adventurer who may offer them excitement, and are looking to Don Carlos. The feeling in all circles is akin to despair. Protestations against the surrender of Cuba are loud, yet no one seems able to see how that can be avoided. The city is ripe for any orgy of excess, while the queen regent is preparing for flight at the first note of alarm. The situation is far more ominous than at any previous time since the hostilities began.

Fears For the Fleet.

New York, July 11—Special—A Madrid dispatch quotes Capt. Aunon, the Spanish minister, as saying it will take Camara's warships ten days to reach Carthage where there is more safety than at Cadiz. Three torpedo boat destroyers and four auxiliary cruisers will be back sooner, and go to Cadiz and Ferol. He fears the fast American cruisers with the Oregon, Texas, New York and Iowa will catch Camara in the Mediterranean.

Peace Party Loses Ground.

London, July 11—Special—There is a growing prospect that the Spanish peace party will be unable to carry its point for some time. The war party has a foolish idea that terms can be secured later, whereby Spain can retain the Philippines and Porto Rico, and establish some sort of sovereignty over them.

Blockade Runner Captured.

The steamer Bratton, a Norwegian freighter, was chased and captured this morning by the Brooklyn. She had on board a cargo of supplies for Santiago.

Going to Santiago.

Chattanooga, July 11—Special—It is announced that the Third Illinois will be the next regiment sent from here to Santiago, probably next Wednesday.

KILLED A NEIGHBOR

Farmer Near Neillsville, Shoots a Man Who Attacked His Home.

Neillsville, Wis., July 11—[Special]—There is much excitement here over a murder case which came to light this morning. C. Leupke, a farmer, came to Sheriff Page's office and reported that he had killed a man at his place, four miles south of this city. Upon going to the premises, Ed Webster, a single man, who had been working in this vicinity, was found near the road in front of the house, and had evidently been dead several hours. Leupke's story is that Webster came to his house in the night and said that Mrs. Leupke was wanted in a case of sickness near by. Leupke objected to her going with Webster, and words followed. Webster then went away and returned soon with a gun, and commenced shooting either at Leupke or the dog, and Leupke attacked Webster, killing him.

PLEASANT LADIES' RECEPTION

Seventy were Entertained at the Home of Mrs. W. G. Wheeler.

Seventy ladies were the guests of Mrs. Jackman, Mrs. W. G. Wheeler and Miss Jackman Saturday evening, at a delightful 8 o'clock tea given at the East street home of Mrs. Wheeler. The home was beautified by amaranth and cut flowers. Refreshments were served at small tables, followed by the playing of six-handed music.

REAR ADMIRAL AMMEN DIES

Long Retired from the Navy and Resided in Baltimore.

Washington, July 11—[Special]—Rear Admiral Daniel Ammen died at his country home near Baltimore this morning. He had been on the retired list for many years.

Senator on Trial

Wilmington, July 11—[Special]—The trial of United States Senator Kenny was begun this afternoon. He is charged with wilfully aiding and abetting Wm. Boggs in misapplying the funds of the First National bank of Dover.

Ropes Made of Human Hair.

Human hair is a very useful article of produce in China, for, besides the quantity sent to Europe to adorn ladies' heads, the coarser kind is collected from the barbers' shops for manuring the rice fields. A rope of human hair, several inches in diameter and several thousand feet in length, was made for the Mikado of Japan, but having been discarded in favor of a rope of steel, this massive lock of hair, or collection of locks, has passed into the hands of the authorities of the British museum. It is a huge coil, several feet in height, and weighs about two tons.

First Bonded Woman Station Agent.

The southern woman is rapidly becoming as "new" as her northern sister. Miss Susie M. Lasley of Rowland, Ky., is one of this type. She belongs to a proud Southern family, her mother having come from Virginia. Her occupation is unique, so far as members of the female persuasion are concerned. She is the first fully equipped, officially authorized, and legally bonded station agent among women, and she is only 22. What is more she has held the position for two years, having been at the age 20 appointed to the office, which she had practically filled for two years previous to that time.

CONSPIRACY IN COREA

Plot in Which High Officials Are Concerned For Overthrow of the Government.

Chempulo, Corea, July 11—[Special]—A plot to overthrow the government has been discovered. High officials are among its conspirators.

WEATHER FORECAST.

Chicago, July 11.—[Special]—Forecast for Wisconsin:

Fair, warmer tonight and Tuesday.

OBSERVE WITH THANKSGIVING

Patriotic Services at the Y. M. C. A. Rooms Yesterday Afternoon.

In accordance with President McKinley's proclamation, services of an appropriate nature were held yesterday at the Y. M. C. A. building. S. M. Smith was in charge, and among the speakers were: Hon. A. A. Jackson, Rev. W. F. Brown, Hon. James Sutherland and J. H. Nicholson. The president's proclamation was read, and each of the speakers had words of praise for the able manner in which Mr. McKinley was guiding us through the present war. The orchestra played "The Star Spangled Banner," and the meeting was very appropriate for the present times.

PREACHED IN A NEW CHURCH.

Lutheran Services Celebrated at Afton on Sunday Afternoon.

Rev. Paul Werth pastor of St. John's German Lutheran church, accompanied by Ex-Alderman Henry Kueck, made a visit to Afton yesterday, where they held special services in the afternoon in the Baptist church. The services were well attended, there being many from here in attendance.

A branch of the local church is now established at Afton, and services will be conducted there every two weeks by Rev. Mr. Werth. The movement is one worthy of support, and is fully appreciated by the citizens of Afton and vicinity.

A Law Against Bachelors.

Bachelors have a hard time in the Argentine Republic. There a law inflicts a fine upon any person of marriageable age who rejects a proposal. Here is the statute: People of marriageable age of either sex who refuse an offer to wed without reasons which are considered valid in law shall not be permitted to marry thereafter without the permission of the government. They shall, moreover, pay an indemnity sum of not more than one hundred pounds to the person whose offer they have refused. Young men and women under twenty years old are exempt from the law, and can marry as they please. After they are twenty-eight the men are obliged to pay a heavy tax if they remain single. The women propose as well as men; so an unmarried young man between twenty and twenty-eight years old in that country has a troublesome time. Not only is he made to pay a tax for being a bachelor, but if he refuses a proposal he has to pay the proposer a fine. Naturally, there are few old maids in Argentine.

Preparing for an Illness.

Cook—Have yez company comin' morn, that yez do be cookin' up so many pies an' cakes an' t'ings? Mrs. Wisely—No; my husband has sent word that he is to take a week's lay-off on account of his health.—Life.

BOOMING OF GREAT GUNS

Bombardment of Santiago is Now in Active Progress

ARMY AND NAVY ARE COOPERATING IN THE ATTACK

Washington, July 11—Special—Gen. Shafter has informed the war department that the bombardment of Santiago was resumed at daybreak. It is understood that the navy is co-operating.

Later Shafter reported the firing confined to the navy and artillery, but he expected to bring on a general engagement this afternoon. He also reports that during yesterday's firing Capt. Roswell, of the Second infantry, and Private Peterson, of the Second infantry, were killed and Lieut. Lutz and three privates wounded.

A Heavy Bombardment.

Aguadores, Sunday, July 10—Special—By preconcerted arrangement with the army, the ships of the fleet threw shells into Santiago this afternoon. It had been arranged that there should be a simultaneous firing by the ships and land artillery, beginning at 4 o'clock, but a heavy rain fell, interfering with the telephone and signal work. At 4:45 the rumble of artillery on the American lines was heard, and a minute later the Brooklyn opened fire with five-inch shells. The firing was at long intervals, and was kept up until the Brooklyn had planted fifteen shells and the Texas ten shells. The Indiana sent a number of shells over the hill and into the enemy's lines. The fire lasted an hour. It was impossible from the sea to estimate the results. Less than a minute after the Brooklyn fired, a danger flag was raised over Morro castle. Reports have been received here that the land artillery shelled the Spanish intrenchments some time. Our loss during the bombardment was slight. The losses of the Spaniards cannot be ascertained. An earnest fight is expected Monday.

Jealous of Each Other.

Washington, July 11—Special—There is much friction here between the friends of Sampson and Schley. Sampson's unfortunate absence from the mouth of Santiago harbor when Cervera made his dash for liberty gave Schley an opportunity to distinguish himself, which he improved to the full, and he is justly entitled to credit for annihilating the Spanish fleet. This credit is only grudgingly given at the navy department, where Sampson is the favorite officer. Schley's friends, however, are urging that official recognition of his achievement shall be given Schley, an act which the department seems loth to perform. It is feared that the jealousy between the two commanders may extend to the fleet, and its efficiency be thereby impaired.

Only Preliminary Work.

Washington, July 11—Special—Fast fighting at Santiago is not expected today. The program is to maintain a continuous and harassing firing on the Spanish artillery until they surrender.

Surgeon General Starburg, has received a telegram saying the hospital train was wrecked today at High Springs, Ala. No one hurt.

Ersign Palmer arrived from Santiago this morning and delivered to the navigation bureau Sampson's report on the battle resulting in the destruction of Cervera's fleet.

Sacking the City.

Siboney, July 11—Special—Santiago is being sacked by the Spanish soldiery. This is considered as an evidence that all hope of being able to hold the city has been abandoned. Everything of value is being carried away by the soldiers. Even the churches have not escaped desecration, the golden candlesticks and sacramental plate having been taken, while many invaluable works of art have been destroyed. When the city is evacuated it will be practically a ruin.

Reinforcements For Shafter.

Washington, July 11—Special—Reinforcements for Shafter consisting of twenty-five hundred men, including the First Illinois and six batteries of artillery, have arrived at Juragua.

Washington, July 11—Special—Batteries C and M, Seventh artillery, left Washington today for Santiago.

GETTING WEARY OF CAMP ROUTINE

JANESVILLE SOLDIERS LOOK- ING FOR MARCHING ORDERS

These seem to be long delayed—
They may form a part of the
Army of Garrison—Drilling in
the rain not an agreeable pas-
time.

Jacksonville, Fla., July 7.—Company
A's recruits are doing a whole lot
of work, and standing the climate well.
They must experience the usual camp
troubles, and they are getting along
very nicely, with the example before
them, of what we have learned of how
to take care of ourselves. I really be-
lieve Private Synott is getting fat, and
I know Private Cunningham has
gained three pounds.

About the funniest man that we
have is Quartermaster Sergeant
Hill. It always was a busy job, but
with the issue of rations and clothing,
serving of 100 men three meals a day,
and the necessity of being always on
the spot for supplies, it keeps him on a
very steady jump.

Private Flint and Fred Coryell take
a good deal of work off his hands in
the kitchen, by the way they manage
the cooking.

Smaller tents, about 7x8, have be-
gun to come to replace the 10x12 we
occupy now. And Sergeant Brown,
Corporal Hall and Private Lewis oc-
cupy one of them; and their friends
can figure out just how those long men
store themselves away in a 7x8 tent.

Garrison boxes are arriving that will
give every company a full supply of
everything needed to keep the kitchen
running—scoops, scales, augers, sets,
bit-stocks, saws, etc., and the request
for names of men capable of
baking or cutting meat has been
awarded. Therefore, it seems to me,
that a move is being made to put us
a bit more on a garrison footing and
less a "camp" in the full meaning of
that term. Certainly we are far from
"equipped for active service." We
may be on the move before this is in
print but I cannot see anything but
the sailing under Lee as troops of
occupation.

It is a bit late to speak of the
Fourth of July, I suppose letters
home and telegrams have before this
told the story of our Fourth. But I
wish to make a note of the conduct of
the troops on the parade. It was
postponed on account of rain the
Fourth and we more than caught it
the fifth. For two hours we marched,
soaked to the skin and at no time
did the lines of Wisconsin quiver or
a step falter whether marching by fours
or in platoons, in double or single
time. With perfect alignment and
regardless of overflowing gutters the
boys made a showing that brought
storms of cheers all along the line.
No ill effects are reported as orders
were given that no man should go for
his mess, after our return, until com-
pletely changed to dry clothing.
Private Dunham broke both ends of
his drum and when he passed Gen.
Lee he was forced to make a brave
show pounding air.

The Colonel has taken entire charge
of Janesville's flag, and his orderly
raises and lowers it night and morning
and before every rain. The ceremony
of raising it has been noted and pub-
lished all over the country with full
particulars of how well the Janesville
boys looked, how big the flag was,
how loud the band played, and that
Sergeant Benton Brown, by his being
oldest Sergt. in a company, was given
the honor of pulling it to its place to
the tune of "The Star Spangled Ban-
ner," while we presented arms, the
rest of the regiment uncovered, and
standing quietly at attention on the
headquarters parade, or in their
quarters, and then how Col. Schae-
del waved his hat and led the cheers,
and how from the quarters of every com-
pany came the Bah Bah Wisconsin.
Musicians Brozman and Glennon are
happy in the possession of 45-caliber
Colts.

Private Ludtke has a violin and
Private Williams a mouth organ. On
our return from the rainy day parade,
as it still continues to "slop," after-
noon the boys in the "bald headed
row" had an impromptu stag dance
and with the assistance of special
members, vocal or dancing given by
Privates Hagar, Hammond, Sisson and
others, passed a mighty pleasant even-
ing.

Lieut. Baldwin and Corporal Hall
broken in to "the life" again.
And not a name on the "Sick Book."
Musters and pay rolls were called
today.

Appointments for new corporals
will soon be made. Not formal notice
of appointment is given, but probably
Privates Irish, Jellyman, Lewis, Knip-
schield, Williams and Freeman.

Karl's Oyster Root Tea for consti-
pation. It's the best, and if after
using it you don't see so return the
package and get your money. For

ARE GOING TO ENCAMPMENT

Prospects of a Large Attendance at Cin-
cinnati in September.

In the midst of the war excitement
which increases day by day, prepara-
tions for the National Grand Army en-
campment at Cincinnati, September
5-10, are steadily progressing. The
rate of one cent a mile, says the Na-
tional Tribune, has been granted in
all that large territory embraced in
what is known as the Central terri-
tory, and governed by the Central
Traffic Association. All other traffic as-
sociations agree upon a rate of one
cent for the round trip in their re-
spective territories and to the dividing
line. From the connecting point on
to Cincinnati, through the central
territory, the one-cent-a-mile rate
will prevail. Thus, eastern veterans
will get a rate of one and a half cents
a mile to Pittsburgh and from there to
Cincinnati of one cent a mile. This
brings the cost of transportation down
to as low a figure as has ever been
given on the occasion of any encamp-
ment. The fact that Cincinnati is
about the center of this Central terri-
tory insures that all visitors from
whatever section will enjoy about the
same advantage in the matter of
our fare.

NOW IN HIS NEW OFFICE

Dr. Frank B. Farnsworth Very Pleasantly
Sitting in the Tailor's Block.

Dr. Frank B. Farnsworth has in-
stalled himself in one of the most
desirable office suites in the city. The
office over Palmer & Sarney's
drug store, corner West Milwaukee
and South River streets, formerly oc-
cupied by Dr. Geo. H. McCauley, have
been refitted for his use. New wood
work has been put in, hardwood floor-
ing laid, and the rooms put in very at-
tractive shape. Dr. Farnsworth now
greets his friends amid very pleasant
surroundings. The doctor needs no
introduction in Janesville or in Rock
county. He is the son of the late
Isaac Farnsworth, and enjoys a wide
acquaintance and general respect. He
studied with Dr. E. F. Woods and has
had opportunity to demonstrate his
ability in general practice. He has
met with marked success and his de-
termination to locate in Janesville
will be greeted with pleasure. Dr.
Farnsworth's hours will be from 10 to
12 in the forenoon, 2 to 4 in the after-
noon, and he will be in his office to
answer calls at all hours of the night.

CATHOLIC KNIGHTS TO MEET

Preparations Completed for the Annual
Gathering at Fond du Lac.

Fond du Lac, Wis., July 11.—The
annual convention of the Catholic
Knights of Wisconsin will meet in
this city, Tuesday, Wednesday and
Thursday, July 10, 20 and 21.

At 3 o'clock on the first day the
delegates headed by the Fond du Lac
Military band, will march in a body
to the St. Joseph's church where
solemn high mass will be observed.
Business sessions will be held during
the remainder of the day.

On the second day solemn regu-
lar mass will be said at 8 o'clock at St.
Mary's church after which the dele-
gates will return to the hall and spend
the day in business sessions. In the
evening a musical and literary pro-
gram will be rendered.

The delegates will then be given a
banquet, after which dancing will
follow. The third day will be devoted
to sight seeing by the visitors.

OSHKOSH PUBLIC LIBRARY.

A Building to be Erected at a Cost of
\$40,000.

Oshkosh, July 11.—Mayor Ide-
son has appointed a library commission,
which will have in hand the sale of
the building now upon the public
library property, and also of the plans,
building and equipment of the new
building to be erected out of the funds
of the Harris bequest. The commis-
sion consists of Alderman E. L. Brittle,
E. W. Cole, John Mulva, George Ban-
man and Julius Weidner, Mayor Ide-
son ex-officio. The commission held
its first meeting Friday night and or-
ganized. The commission decided
that not more than \$50,000 should be
expended on the building and its
equipment. The plans which ex-
Senator Sawyer had made some years
ago are considered too elaborate and
the commission decided to advertise
for new plans not to cost more than
\$40,000.

THEY MET WITH MISFORTUNE.

Party of Janesville Pioneers Were Too
Heavy for Their Conveyance.

Judging from a Clinton paper a lo-
cal party of "heavy weight" pioneers
must have met with disaster at that
place recently. The paper says:
"Some excursion going from Janes-
ville to Delavan, had the misfortune
to break down in our village on their
return at a late hour. Mr. P. Decker
helped them out with his lumber wagon
and they went on their way. The
rig they had was evidently too weak
for the load, which was composed of
six men, each weighing over 200 lbs."

Late Sale of Tobacco Leaf.

Sales of seed leaf tobacco reported
by J. S. Gane's Son, tobacco brokers,
New York, for the week ending
July 11, 1898, are as follows:
700 cases, crop of 1893-95, Pennsylvania Seed
Leaf, at 12 1/2 to 15 cents.
200 cases, crop of 1895, New England Broad Leaf,

water, \$11. D. K. Jeffris.

VOICES FROM THE LOCAL PULPITS

REV. MR. HALL ADDRESSES TWO LARGE AUDIENCES.

His Theme in the Evening Was "How
to Keep Cool in Warm Weather."
—Rev. Mr. Van Slyke Speaks in
Several Churches on Behalf of the
Bethel Missions.

Rev. W. M. Van Slyke, general mis-
sionary and financial agent for the
state of Wisconsin for the Western
Seamen's Friend Society, spoke in
several of the city churches yesterday
in the interest of his philanthropic
work. This society is an undenom-
inational association of christian and
philanthropic persons organized in
1830, incorporated by the state of
Ohio, its principal office being in the
city of Cleveland.

It is the organizing and supervising
head of what is known generally as
the Bethel Mission Work of the west.
The object of society is to sustain
and carry on the preaching of the gos-
pel and the mission and Sabbath school
work among the seamen and others
who are uncared for, near the harbors
in the cities and towns along the
western lakes and rivers, and also to
provide for their temporal welfare.
The field of operation embraces 800,
000 square miles of territory, with
its navigable rivers of 15,000 miles; its
chain of grand inland seas, a resident
population on or contiguous to, their
waters of 12,000,000 souls, only one-
fourth of whom are connected with
Christian churches, and as a direct
charge the tens of thousands of men
and boys operating the commerce of
these waterways, and the still larger
constituencies found amid the squa-
lors, misery and degradation of the
levees and dock districts.

Vast is the commerce of our lakes,
and it is all the time growing in vol-
ume. It makes prosperous our great
cities. The sailors do the work; they
add to the wealth of this favored
region. Society owes them, as an act
of justice, better provisions for health
and comfort, to say nothing of a moral
environment, than they now obtain.

And not only the seamen; but boat-
men, lumbermen, fishermen and oth-
ers, at times out of work and sepa-
rated from home and families, need
something better than the vicious
haunts our large cities afford. They
can be reached only by going to them
with something better than vice and
avarice offer.

The present support of the society
is derived principally from private
contributions given by benevolent peo-
ple favorably inclined to the work of
the society. It is to be hoped that
all persons friendly to this cause will
not forget this, but that they will
kindly give the representative a lib-
eral response in aid of this noble
work.

ADVICE FOR HOT WEATHER.

Rev. Mr. Hall Tells How to Keep Cool in
These Torrid Days.

Yesterday morning at Court Street
church the president's proclamation
was read. The large audience rose
and stood with bowed heads while
praise to God for evil o'ut providential
guidance ascended in prayer, the
whole congregation joining in the
Lord's prayer and in the doxology, at
the close of the prayer. Mr. Hall
spoke on "The Life of Christ," the
story that never wears out or wearies.
The attention of the audience was
well sustained.

In the evening a large congregation
again assembled. The song service
opened with "I'm A Pilgrim" by the
Court street quartette. This song
was rendered with exquisite beauty.
Miss Grace E. Hall, sister of the pas-
tor, sang "Calvary" by special re-
quest. Her voice is a rich deep con-
tralto. Mr. Hall spoke briefly on the
theme "How to Keep Cool." He said
in effect: Don't undertake too much;
do what God puts in your way to do,
and do it well; but don't try to do
everything. Do things in the easiest
way possible, not in the hardest.
Don't fret. Keep your soul calm or
let God keep it in perfect peace; keep
in the shade. There is a shade for
the soul—"The shadow of a great rock
weary land." That rock is Christ.
How foolish to stand or sit out in the
hot sun when you can have the grate-
ful shade. Again, if you would keep
cool, get in the breeze. The speaker
described a hot August day he experi-
enced in New York, then told of a trip
down to Manhattan Beach. The cool
ocean breeze from off the glorious
ocean. How refreshing! Christ com-
pares the Holy Spirit to the wind. He
is like it especially in the sweet re-
freshing he brings to the immortal
spirit.

Children's Day in Harmony

The town hall at Harmony was well
filled by young and old Sunday after-
noon for Children's day exercises. The
room was gracefully decorated by deft
fingers, with flowers, while on the
wall in letters of evergreen was
"Choose ye this day whom ye will
serve." The girls and boys with
bright and cheerful faces responded
as their names were called, some for
song, some for recitations. These oc-
casions call for a good deal of work,
usually done by the superintendent
and teachers. Mrs. Wilcox and her
corps of helpers deserve much credit
for the pleasant hour spent with the
school.

Plenic List.

On page 8 tonight will be found a
list of goods and prices for plenic
and camping use on the table. Your en-
tire stable program can be arranged
for at Hahnborn's.

CATHOLIC CLERGY GIVE THANKS

President's Proclamation Finds Heartly
Response at Local Churches.

The president's proclamation calling
for a public recognition of the favor of
Divine Providence for vouchsafing vic-
tory for the American arms in Cuba
and the adjacent waters, was headed
in the Catholic churches of the city
yesterday. At St. Mary's church Rev.
R. J. Roche paid an eloquent tribute
to the valor of the American soldiers
and sailors, and exhorted all his hear-
ers to render thanksgiving and praise
to the God of battles for his protec-
tion to those fighting for human free-
dom. At St. Patrick's church Dean
E. M. McManity spoke feelingly of
the noble conduct of the nation's her-
oes, and invoked blessings upon those
who are about to engage in deadly
strife on behalf of the oppressed. The
services at both churches had a marked
effect upon the congregations, and the
prayers on behalf of both the living
and the dead evoked hearty responses.

TROOPS WENT OTHER WAY

Change in Plan Meant Them Through
Omaha.

The Manila expedition did not pass
through Janesville; Saturday night as
was expected. General Passenger
Agent W. B. Knistern telegraphed to
give the Janesville papers the news
that the troops would move Saturday
night. The local official accordingly
gave The Gazette the information. At
the last moment it was decided to
send the soldiers via Omaha, so the
Janesville people who were at the
depot to see the boys in blue were dis-
appointed. The troops left Chicago
before midnight Saturday night.

A GOOD DAY FOR OUTINGS

Many Jolly Parties Spend Sunday at
Nearby Resorts.

Fully fifty couples from this city
spent yesterday at Koshkonong and
Clear Lakes. The day was an ideal
one for an outing and not a few made
trip on their bicycles to Delavan and
Geneva Lakes were also favored
wheeling places and during the early
hours of the morning not a few made
this trip.

The up-river resorts were also well
patronized and picnic parties dotted
the river banks on both sides far
beyond the four mile bridge. The
private launches owned by local par-
ties were out in full force.

WHO'S THE GUILTY PARTY?

Evansville Paper Charges a Local Saloon
Keeper.

The Evansville Enterprise says:
"We are informed that a saloon keep-
er from Janesville, in defiance of law
and officers, distributed free beer here,
without being molested or made afraid
in any manner, which was at the bot-
tom of the liberty pole controversy.

OPEN LETTERS FROM

Jennie E. Green and Mrs. Harry
Hardy.

JENNIE E. GREEN, Denmark, Iowa,
writes to Mrs. Pinkham:
"I had been sick at my monthly
periods for seven years, and tried
almost everything I over heard of, but
without any benefit. Was troubled
with backache, headache, pains in the
shoulders and dizziness. Through my
mother I was induced to try Lydia E.
Pinkham's Vegetable Compound, and
it has done me so much good. I am
now sound and well."

Mrs. HARRY HARDY, Riverside, Iowa,
writes to Mrs. Pinkham the story of
her struggle with serious ovarian trou-
ble, and the benefit she received from
the use of Lydia E. Pinkham's Vege-
table Compound. This is her letter:
"How thankful I am that I took
your medicine. I was troubled for
two years with inflammation of the
womb and ovaries, womb was also very
low. I was in constant misery. I had
heart trouble, was short of breath and
could not walk five blocks to save my
life. Suffered very much with my
back, had headache all the time, was
nervous, menstruations were irregular
and painful, had a bad discharge and
was troubled with bloating. I was a
perfect wreck. Had doctored and
taken local treatments, but still was no
better. I was advised by one of my
neighbors to write to you. I have now
finished the second bottle of Mrs. Pink-
ham's Vegetable Compound, and am
better in every way. I am able to do
all my own work and can walk nearly
a mile without fatigue; something I
had not been able to do for over two
years. Your medicine has done me
more good than all the doctors."

THIS DAY IN HISTORY.

1708—Battle of Audenarde; Marlborough and Prince Eugene defeated the French.
1797—John Quincy Adams, sixth president of the United States, born at Braintree, Mass., April 11, 1797.
1771—Commodore John Rodgers, American naval hero, born in Philadelphia, died 1833. Commodore John Rodgers was the father of the famous Admiral John Rodgers of the Federal navy. The commodore himself was the son of a Scotchman who fought in the Revolution. He went to sea at 19 and was captain of a merchantman at 18. In early manhood he entered in hostilities with France. When the Constitution fought L'Insurgente, Rodgers was executive officer of the American ship. He served with gallantry in Tripoli and as captain of the President fired the first shot of the war of 1812.
1804—Alexander Hamilton killed in a duel by Aaron Burr; born 1757.
1882—Bombardment of Alexandria by British fleet; Arabi Bey's rebellion.
1896—Ernst Curtius, LL. D., a well known German Hellenist, died in Berlin; born 1814. General John Fulford, a veteran of the Federal army, died at Detroit, aged 80.

MAKE LAME EXCUSES.

The Racine Journal asks where Congressman Cooper stands on the silver question. The able congressman stands squarely on the republican platform upon which President McKinley was elected, as Janesville people who heard his brilliant speech during the campaign well know. At that time Congressman Cooper declared himself in favor of bimetalism by international agreement if such an agreement could be made, with the gold standard as the basis—the same principle enunciated by the republican national convention. The postoffice soreheads are hard up for ammunition with which to attack Congressman Cooper, as his record is clean and he stands for the principles of his party. The only opposition to Congressman Cooper emanates from the fact that he could not appoint a dozen postmasters in every town in his district, and the men who are fighting him on that score should be candid enough to put their opposition on that ground, instead of talking mysteriously about "war records," "free silver" and other bugaboos.

Oconomowoc Republican.—Hon. A. R. Hall, of Knapp, the political evangelist, complains of the increase of state expenses on account of clerk hire and yet as a member of the Assembly he voted for the increase of legislative sessions, and yet the consideration of his railroad-wrecking and kindred schemes has prolonged each session one-fourth, if not more, at an additional expense to the state of not less than \$100,000 during the time he has been a member of the Legislature. Oh, Humberg, thy other name is Hall.

The LaFollette machine is sending large numbers of its newspaper, The State, to Janesville people. Many of the papers are marked "subscription paid" when the person, to whom they are directed have never paid a cent to the publishers of The State. The LaFollette machine does not believe in the use of money to influence voters, by any one else.

Every time the carpetbagging reformers come clog up against a refutation of one of their favorite charges. The State makes the old stereotyped answer "— Hod Taylor, The Journal and The Janesville Gazette." But, somehow, the people do not seem to take the answer as conclusive.

The LaFollette machine is devoting most of its energy to the attacking editor H. A. Taylor, of the Madison Journal these days. The machine's true character has been so thoroughly demonstrated that it finds nothing else to do now, but to throw mud at all who dare to tell the truth about it.

S. W. Hubbell writes The Gazette from Sparta as follows:
Camp Hubbell, down by the Trout brook, Sparta, Wis., July 8, 1898, Gazette Printing Co. Janesville, Wis. Gentlemen—Enclosed please find draft to pay for yours, the most reliable newspaper I know of. Your war news is the most reliable and needs no confirming. Yours respectfully,
S. W. HUBBELL.

The only answer the LaFollette machine makes to the charge that ex-Governor Hoard used passes, is "what difference does it make if he did?" The LaFollette machine's hue and cry is all humbug and the creators there-

of are political carpetbaggers in search of office.

REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 15.
To the Republican Electors of Wisconsin:
By direction of the State Central committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention.
In accordance with resolution recommended by the state convention and formally adopted by the State Central committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district convention, and the names of the delegates so elected shall be certified to the State Central committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county conventions.

Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election.

Special attention is hereby called to the fact that all conventions to elect delegates to the state convention must be held on a notice of not less than four weeks; all town or ward caucuses as primaries to state convention on a notice of not less than ten days, and that notice of the meeting of such convention or caucus shall be given in the usual manner.
As the State Central committee acts as the Committee on Credentials, it is requested that credentials of delegates elected, duly certified to by chairman and secretary of county or assembly district conventions, be forwarded to the secretary at Republican State Central Committee headquarters in Milwaukee, immediately upon their election; in every case giving the names in full and postoffice address.

EDWIN D. COE, Chairman.
JOHN M. EWING, Secretary.

Each county will be entitled to 33 delegates, distributed among the assembly districts as follows: First district, 9; Second district, 11; Third district, 13.

The State still calls editor H. A. Taylor "Uncle Hod," but there is no indication that the Madison newspaper man is proud of his self-appointed nephew of the LaFollette machine.

The LaFollette machine has evidently forgotten that the primaries will be held under the new law this fall, and that under this system it is impossible to "pack the caucus."

A large proportion of the people, however, refuse to believe that the opinion of some of The Gazette's professional critics can be properly classed as "expert testimony."

The State says Ex-Governor Hoard resembles Abraham Lincoln. Whether or not the resemblance is due to the fact that Lincoln is dead, is not stated.

The LaFollette machine evidently believes in a free press. Otherwise it would not send its newspapers to people without charge.

A Sense of Humor.
"Charley, dear," said young Mrs. Terkins, "you know you used to say that I had no sense of humor."

"That is true. But I must confess you are getting on."

"I am glad to hear you say so. And I have a treat in store for you. Pretty soon I am going to ask you for a spring bonnet, and I want you to laugh and be good natured, just as you do when you read of such things."—Washington Star.

Willing to Compromise.
Magistrate (to the accused)—It appears that you gave the plaintiff a black eye.

Prisoner—Yes, your worship, but I'm quite prepared to give him half a sovereign as compensation.

Magistrate (to plaintiff)—You hear what the defendant says. Are you willing to accept the half sovereign?

Plaintiff (eagerly)—Rather! (To the defendant)—Come outside, old chap, and black the other eye!—Tit-Bits.

The Tree of Knowledge.
Full many an ill of most malignant men The dark recesses of our systems bear— But some patent nostrum ad is seen We live in blissful ignorance that they're there.
—N. Y. Evening Journal.

WHICH WAS FREQUENT, TOO.

"How did you first find out that you loved me, darling?"
"I found myself getting angry every time you called you an idiot."—Ally Sloper.

The Spring Question.
Oh now our overcoats we lay,
For lo! the robin calls;
But shall the clothes be put away
With gilt or camphor balls?
—Brooklyn Life.

Obtrusive Friendliness.
"Agnes won't speak to any of us."
"What's the trouble?"
"We gave her a surprise party on her birthday."

"That ought to have pleased her."
"Well, it didn't. We gave her a beautiful birthday cake with 40 candles around it."—Chicago Record.

PASSED TO THE FARTHER SHORE

DEATH OF MRS. LOUISA COLE POOLEY.

Was Confirmed in the Famous Canterbury Cathedral—Mrs. McDonald Passes Away—Funeral Services Over the Remains of Recently Deceased Citizens.

Mrs. Louisa Cole Pooley died on Sunday morning at the home of her niece, Mrs. H. E. Dunham, of the town of Janesville. She was born in Shottenden, near Canterbury, Ohio, on April 21, 1815, and was confirmed in the famous Canterbury Cathedral. She went to Amsterdam, N. Y., in 1833, and thence to Memphis, Tenn. She was married to William Pooley in 1837 at Amsterdam. Her husband died at Memphis thirty-seven years ago. Mrs. Pooley came to Janesville in 1882, and has since made her home with Mrs. H. E. Dunham, a niece, who resides near the city in the town of Janesville, and Mrs. A. G. Lord. She was a devoted Christian, and during the greater part of her life she was a consistent member of the Presbyterian church. The funeral will take place from the residence of Mrs. Dunham tomorrow at two o'clock, Rev. W. T. Brown officiating. Dece sed had no children.

Mrs. Mary McDonald, a telegram received in the city Saturday by Con. McDonald, announced the death of his mother, Mrs. Mary McDonald, of Grand Rapids, Michigan, which occurred at the home of her daughter, Mrs. Dr. Penny, at St. Paul, Minn. Mrs. McDonald went to St. Paul to visit her daughter three weeks ago, and was taken ill immediately upon her arrival there, and did not get off her bed. Her death was the result of dropsy and old age.

The remains will be taken to Grand Rapids, Mich., for interment. Mr. and Mrs. McDonald accompany the remains from Milwaukee.
Mrs. Bertha Hennwitz
All that was mortal of the late Mrs. Bertha Hennwitz was laid to rest yesterday afternoon in Oak Hill cemetery. Services conducted by Rev. G. J. Koerner, were held from St. Paul's Lutheran church at 2 o'clock.
Mrs. John Broderick
From St. Patrick's church yesterday afternoon at 2 o'clock services were held over the remains of the late Mrs. John Broderick. The interment was in Mount Olivet cemetery.
Louis Joseph Koch
Funeral services of a private nature were held yesterday afternoon over the remains of Louis Joseph Koch. The interment was in Mount Olivet cemetery.
Mrs. Pearl
Mrs. Pearl, of the town of Janesville, died yesterday, aged 77 years. The cause of her demise was dropsy.

Qualifying Himself.
Bill—Isn't it strange Gill never joined a club?
Jill—Well, I think he's going to join one now.
"What makes you think so?"
"He's been getting married."—Yonkers Statesman.

Sweet and Innocent.
Miss Passy—I was so embarrassed last night. Mr. Hunkley asked point blank why I had never married.
Miss Cuttyng—I wonder how he came to do that—had he never seen you in the daytime?—Chicago Daily News.

Glad of the Change.
"Who gives this bride away?" asked the minister.
"I do, willingly," replied her father, innocently, with an approving smile at the groom.—Philadelphia North American.

Impossible.
"How did Fakem, the hypnotist, get along on his last trip?"
"First-rate, until he tried the impossible. He hypnotized a tramp one day and tried to make him saw wood."—Brooklyn Life.

Price Benefits in Pants For Saturday and Monday.

Most everybody loves a bargain. How would \$3.00, \$3.50 and \$4.00 Pants go at ...

\$2.75

For these two days? ? ? ? ?

We are going to try it and see. Just about now if you will notice you will find the trousers with your spring suit badly worn. A nice cheviot, plaid or stripe. You can get them, either light or dark. Will match up well with your coat and vest, and make the suit look new again, and the price for Saturday and Monday will be..... \$2.75

How About Preparing

For fall and winter now? You will want the last winter's suit cleaned, pressed and repaired, or, perhaps, a new velvet collar on your overcoat. The best time in the season is to get them done now while the tailor has plenty of time. He will do a much better job than he possibly could do when he is rushed. We would like to do your repairing.

Our Repair Department
Is in charge of a practical tailor, who understands how good work should be done. Look up your last winter's garments and bring them in. Come after them Nov. 1st—just about the time you'll need them.

DECIDE TO QUIT THE BUSINESS

M'HENRY & POTTER CLOSE
THEIR BROKERAGE OFFICE.

War Taxes Are Too Great a Burden
For Their Customers—These
Added to Threatening Markets,
Make the Risk of Loss Too Great
For Many.

The war and war taxes have driven McHenry & Potter, stock and grain brokers in this city, out of business. The firm opened offices in Janesville six months ago, and has been doing a fair amount of business up to the beginning of the present month, when the new revenue law went into effect. Under this law heavy taxes are imposed upon those who speculate in stocks and provisions. Two dollars must be paid upon each one hundred shares of stock transferred, and one per cent is charged upon the sale of each \$100 worth of grain or provisions.

Taxes Cause It.
These taxes, of course, must be paid by those who buy and sell. If speculators were always sure of realizing a profit they would cheerfully pay the bills, but unfortunately they sometimes lose. It is a heavy drain on their pockets to pay the taxes in addition to the losses they may sustain, and consequently they have sought other avenues for the investment of their money in which the action may not be as quick but will be less risky and at the same time less expensive in the way of taxes.

McHenry and Potter are dissatisfied with the business they did in Janesville previous to the advent of the war tax era. Nor have they failed in business. They claim that all deals made through them have been carried out and full settlements made with their customers. The decrease in business, however, threatened for the future gives them no hope of profit and hence they have concluded to quit. Their office furniture and fixtures have been removed to Freeport.

Speculation in grain and stocks has never been very active in Janesville. People here are conservative as a rule, and seldom take risks, even with the prospect of large returns. The war taxes added to the risks speculators are compelled to take lessen their chances for profit considerably, and consequently they have dropped out of the market for the time being. When matters become more settled they may again go upon the markets and "woo some fortune's smile." For the present, however, they will take the slower but more sure avenue to wealth.

REV. MR. PENCE AT NASHVILLE

Delivers an Able Address Before the Christian Endeavor Convention.

At the Christian Endeavor convention now being held at Nashville, Tenn., Rev. E. H. Pence, of the Presbyterian church in this city, was one of the speakers on Friday. He chose for his topic, "The Midwinter Prayer Meeting." His address was brief, emphasizing the value of the prayer meeting as an agency for the development of a true Christian spirit in the church membership. The address was able, and is spoken of in the highest terms by those who heard it, while the Nashville papers report it in full.

Mr. Pence has taken a conspicuous part in the proceedings of the convention, and has won many encomiums from delegates for his zeal and earnestness in the cause.

HIS HAND WAS MANGLED

Ernest Badger Sustains Injuries in a Printing Press.

Ernest Badger, brother of City Clerk Badger, caught his right hand in a printing press at the J. T. Fitchett job printing establishment at 10 o'clock this morning, and before he could free himself his entire hand was badly mangled.

The injured lad, who was but seventeen years of age, was taken to the office of Dr. Whiting, where his injury was dressed with the assistance of Dr. J. W. St. John.

The injured boy caught his hand in a two horse power press operated by electricity. The flesh was badly torn and the bones of the back of the hand were fractured. Amputation was so found necessary, but the chances are that he may lose the use of his hand to a certain extent.

HIS CLAIM WAS ALLOWED.

Court Found in Favor of Claim Filed by Mr. Brown.

In the county court Saturday Judge John W. Sale rendered a decision in the case of E. Tracy Brown against the J. D. Holmes estate. Mr. Brown had a bill of \$52 against the estate for magnetic treatment. The court held that the system of healing practiced by Mr. Brown did not require the holding of a diploma from a regularly incorporated medical college, and Mr. Brown's bill was allowed in full.

ARRIVED SAFELY IN ENGLAND

Mr. and Mrs. S. B. Haddles Are Again in Their Native Land.

A cablegram from Mr. and Mrs. S. B. Haddles, dated this morning, from Liverpool, England, arrived in this city this morning. The message was brief and to the point, merely stating that they arrived in Liverpool yesterday safe and sound, and that all was well.

Mr. and Mrs. Haddles sailed from New York on the Lucania.

FREED FROM AN ODIOUS MARRIAGE

MRS. ELLA M'CARTHY OBTAINS
A CONJUGAL SEPARATION.

Her Husband Made No Appearance—
He was Charged With Having
Threatened the Lives of His Wife
and Children—Sad Havoc Wrought
By Strong Drink.

Ella R. McCarthy was granted a decree of divorce this morning by the Rock county circuit court from her husband, William P. McCarthy. The separation is granted on the grounds of drunkenness and failure to support. The interested plaintiff for a number of years resided in this city, but now makes her home in Beloit. The defendant is a carpenter and moulder by trade, and still makes Janesville his home.

Prior to the removal of the plaintiff to Beloit, Mr. and Mrs. McCarthy resided for a number of years in River-view park.

No Defense Offered.

When the case was called in the circuit court this morning there was no appearance on the part of the defendant. The plaintiff appeared accompanied by her two sons, Farmer McCarthy and Herbert McCarthy. According to the testimony offered the interested parties were married in this city by Rev. Mr. Burnham on June 7, 1874, and that prior to that time the plaintiff's name was Ella R. McNeil. She alleged in her complaint that in spite of the fact that the defendant was a former member of the Temple of Honor, he was addicted to the use of liquor, and for the past twelve years of their married life he drank to excess.

Addicted to Liquor.

Two years prior to March 15, 1890, the plaintiff charges that the defendant was drunk on an average every two weeks. While on one of these drunken spells the defendant is charged with having made a threat to end the lives of members of his family. He is said to have gone to the cupboard one day, and taking a sharp razor from it said: "I will put an end to you all."

The court this morning, after hearing all the testimony, granted the divorce, giving the plaintiff the custody of their youngest son till he reaches the age of twenty-one.

There was no alimony granted, as the defendant is without personal or real property.

HANGED HERSELF THIS MORNING

MISS ANNA DOW, OF BELOIT,
COMMITTS SUICIDE.

She Was the Sister of Hon. Joel B. Dow, and Has Suffered Long From Physical Infirmities—News Brought to Her Brother While He Was Attending Court.

While conducting legal business before Judge John R. Bennett, of the Rock county circuit court, this morning, Joel B. Dow, the well known Beloit attorney, was given a message that made his blood turn cold. Judge John R. Bennett, with heart filled with sympathy, suspended court for the time being and informed Mr. Dow that he had a sad message from home to convey to him. He then notified him in as few words as possible that his sister had taken her life by hanging herself.

Mr. Dow was deeply moved, but bore up bravely, merely exclaiming "My God." He then retired from the room, preferring to remain by himself in his hour of sorrow. On the 11 o'clock train he returned home where friends met him at the depot.

All Health the Cause.

A telephone message at 10 o'clock this morning brought the sad news to this city. In a message received by The Gazette this afternoon the name of the deceased is given as Miss Anna Dow, aged about forty years. For some time past she had been in poor health, being barely able to help herself. Of late she has been falling fast, and she seemed to grieve at all times over the trouble she caused others by her helplessness. When discovered this morning the body was suspended, and from all appearances the deceased had met a painless death.

Miss Dow was well known in this city, and many here will regret her untimely demise.

No preparations have as yet been made for the burial, which in all probability will take place in Beloit.

Bees Against Homing Pigeons.

Bees and homing pigeons were raced between Hamm and Rhyern, Belgium, a year or two ago. The towns are an hour apart and the bet was that twelve bees would beat twelve pigeons in making the distance. Four drones and eight working bees were well powdered with flour and released at the same instant with pigeons at Rhyern. A drone reached home four seconds in advance of the first pigeon; the three other drones and one pigeon came in neck and neck and the eight working bees came in just a trifle—about a length—ahead of the ten pigeons.—Ex.

JOINED IN BONDS OF MATRIMONY

PROF. H. HUYKE, THE WELL
KNOWN MUSICIAN MARRIED

His Bride a Well Known Young Lady
of Evansville—John Stitzen and
Bertha King Kept Their Mar-
riage a Secret For Three
Weeks.

Henry Huyke, formerly leader of the orchestra at the Myers Opera house in this city, and a musician of excellent reputation, was married at the Nichols House in Albany on Wednesday, July 8, to Miss Amanda Baile, of Evansville. Mr. Huyke is now a resident of the Out-Off city, and has many friends there as well as in Janesville. The bride is well known in Evansville, where she has resided all her life. There is a romance connected with the marriage which lends a pleasing interest to it. The parties to the contract have known each other but a short time, but loved at first sight. There was some opposition on the part of the bride's relatives to the union, but this was speedily overcome, and the young couple begin their marital life with the best wishes of a host of friends.

Stitzen, King

John Stitzen and Miss Bertha E. King, both of this city, were married in Milwaukee on the afternoon of the 28th of last month.

The bride and groom after spending their honeymoon in the Cream City, returned to Janesville keeping their secret to themselves, until today, when both bride and groom made their marriage known to intimate friends.

The bride is a Janesville girl who is held in the highest esteem and has the respect of all. Of late she has held the responsible position of book keeper at the Rudolph & Co. East tobacco warehouse on North Academy street.

The groom at present holds the position of day clerk at the Hotel Myers, having moved from Milwaukee here seven months ago. While a resident of the Cream City he was head clerk at the St. Obar co. hotel, which position he held for five years. He is well known to hotel men throughout the state. Mr. and Mrs. Stitzen will make Janesville their home, and a host of friends will extend them hearty congratulations.

OPEN FIRE ON SANTIAGO.

Bombardment of the Cuban City Has Begun.

REFUSED TO CAPITULATE.

Spanish General in Command Rejects the Summons to Surrender—Washington Looks for an Early and Complete Victory for Gen. Shafter.

Washington, July 11.—The bombardment of Santiago de Cuba is under way. It began about 5 o'clock Sunday afternoon, and will continue until the Spanish force occupying the city surrenders. Late in the afternoon Adj.-Gen. Corbin received a dispatch from Maj.-Gen. Shafter, commanding the American army before Santiago, in which he stated that the Spanish commander had refused to surrender unconditionally, and that the army and navy would begin the threatened bombardment about 4 o'clock.

Soon after the receipt of the dispatch from Shafter, Gen. Corbin was handed another from the American general, stating that the bombardment began in the neighborhood of 4 p. m.

The communication from Gen. Toral to Gen. Shafter in which he refused to surrender unconditionally was in response to Shafter's demand made Saturday afternoon. Linares offered to capitulate and not surrender without conditions, but this proposition was not acceptable to President McKinley, who directed Secretary of War Alger to order Gen. Shafter to demand an unconditional surrender. This Shafter did forthwith, giving Linares a reasonable period in which to reply. The Spaniard's answer was delivered Sunday afternoon, and it was a point blank refusal of Shafter's demand. Now his fate is sealed, for there will be no more parleying on the part of the American general.

The Spanish force is making a hopeless and useless struggle. It is not as strong numerically as the American army, though it has the advantage of fighting behind intrenchments. However, the city of Santiago is completely invested by our army. The land forces are on three sides and Admiral Sampson is guarding the only avenue of escape by water. According to Adjutant-General Corbin, Shafter has forty 3.10 guns in place, all of them covering the city. In addition to this array of artillery he has several 7-inch mortars, which are also in position and in working order. These mortars number either four or eight, and, with the forty smaller guns, will keep up an incessant fire upon Santiago and the Spanish garrison.

"General Shafter has the town completely invested," said General Corbin to a correspondent, "and there is no avenue of escape for the Spanish army. It is impossible, of course, to say when the garrison will surrender. The bombardment will, no doubt, continue throughout the night and will not cease until its purpose is accomplished."

Inasmuch as General Toral has refused to surrender unconditionally it is presumed that he will make a stubborn defense of the town and not give up until there is no longer any reason in offering resistance. His refusal of General Shafter's demand is construed by the war department as indicating that a surrender need not be looked for. It is regarded as possible, however, that Madrid may soon order a compliance with the American demand.

The bombardment will continue until the city surrenders. There is no telling when the Spanish commander will hoist the white flag, but he will inevitably be compelled to do so or be completely annihilated.

A bulletin from Gen. Shafter given out at the war department says that he will have occasion to use a large force of troops today to guard the roads leading out of Santiago to the north.

"This is taken to mean that the Spaniards are about to remove their army to the wooded hills above Santiago, where they can resort to a form of guerrilla warfare and put our forces to great effort to capture them."

It is believed here that Gen. Shafter is endeavoring to delay the battle until the arrival of Gen. Miles. The latter is expected to reach Siboney today.

To Tire the Americans.

Havana, July 11.—La Lucha in an editorial says: "The actual problem confronting Spain is the easiest the nation has had in all her history, although at first sight it appears most difficult and complex. It is not necessary to employ in its solution either slowness or the expenditure of many millions for a great defense, as has been required in other wars. It is only a question of resistance, which can be sustained, if the Spaniards have only provisions and ammunition. To beat the Yankees in Cuba needs only 300 or 400 men for a period of two or three years. The cost which that signifies to our neighbors is greater than 100 islands of Cuba is worth to them."

Runs the Blockade.

New York, July 11.—Word has been received by Cubans in this city that the Norwegian steamship Franklin, which cleared not long since from Vera Cruz for Nassau, has run the blockade at a small port on the north coast of Cuba and landed a cargo of supplies for Havana. It is said, also, that Spanish agents are buying beef in Mexico and the Isle of Pines.

Endeavorers Hold Services.

Nashville, Tenn., July 11.—The Christian Endeavor convention, in session here, observed President McKinley's thanksgiving proclamation by holding meetings Sunday, at which prayers were made and patriotic sentiments expressed. Early in the day prayer meetings were held in the seven churches, and later in the day, at other gatherings, addresses were made by Commander Booth Tucker of the Salvation Army and Bishop Fellows of Chicago among others. The attendance at the evening services in the churches, which were conducted by the Christian Endeavorers, was large. The convention will end its labors tonight.

Third Illinois to Move.

Camp Thomas, Chickamauga Park, Ga., July 11.—Another order for the movement of the Second brigade of the First division of the First corps, which includes the Third Illinois, the Fourth Pennsylvania and the Fourth Ohio infantry regiments, has been received. In it the date for the start is set for Wednesday and in consequence there is general rejoicing among the men. The Third Illinois is especially anxious to move because it is known that the First and Sixth Illinois are on their way to the front.

Credit Claimed for Oregon.

Off Guantanamo, July 9, via Kingston, Jamaica, July 11.—Captain Clark of the United States battleship Oregon, which did such remarkable work at the naval battle off Santiago de Cuba that resulted in the destruction of Admiral Cervera's squadron, says in his official report of the engagement to Rear Admiral Sampson: "I am persuaded that but for the officers and men of the Oregon, who steamed and steered the ship and fought and supplied her batteries, the Cristobal Colon and perhaps the Vizcaya would have escaped."

The past year has been a remarkable one for the order in this state and there are at present about 20,000 Red Men in Indiana. New Albany, Anderson and Frankfort are the star cities of the order. Many new lodges have been instituted and interest revived in the old. The national meeting will be held at Indianapolis Sept. 13, the state meeting at the same place Oct. 18.

Cooper Defeats Bald.

Buffalo, N. Y., July 11.—In the two-mile championship at the national circuit meet at Buffalo athletic field 10,000 people Saturday saw Eddie Cannon Bald, the champion, defeated by his great rival, Tom Cooper. The finish was a matter of inches only, and Bald made a great ride in closing eight lengths from the rear of the bunch on Cooper after that rider had started to sprint. The time was 4.13.

Church Per Capita Tax.

Portland, Ore., July 11.—The national council of Congregational churches adopted a report of the finance committee recommending that the annual per capita call upon the membership of the church for the next three years be 2 cents and that an extra call of half a cent for one year be made to pay the expenses of the international council to be held in 1899.

Big Factory Building Gone.

We offer 100 dozen of Shirt Waists, with laundered collars and cuffs, all this season's goods, in pretty light and dark colors, with blouse fronts and plaited backs, at 25c each, an unheard of price in Shirt Waist selling in Janesville.

We Want To Know

that we propose to make business hum during the usual dull months of July. If splendid offers and the greatest bargains will do it. Who ever heard of such an offer on Shirt Waists as we here make you? It is about the price of the laundry work, say nothing of the material and making.

We shall have a great rush for these Waists at 25 cents each so you had better purchase a supply at once.

LATE NEWS BY TELEGRAPH.

GLOOM REIGNS AT MADRID.

Government and People Are Despondent.

HOPELESSNESS OF THE WAR.

Fall of Santiago Is Recognized as Inevitable—No Confidence Felt That There Is Any Chance of the Intervention of the Powers.

Madrid, July 11.—Information received from the most reliable sources is to the effect that the darkest pessimism pervades Madrid officialdom. The hopelessness of the war is finally recognized and the peace idea now seems to predominate in the cabinet, and negotiations are considered urgent. The cabinet is likely to cohere until peace is secured.

It is now recognized that Santiago de Cuba is completely beleaguered and cannot hold out, owing to the lack of provisions and munitions of war. It is considered certain that the Americans will blockade Cuban and Porto Rican ports, cutting off their supplies, while the authorities are convinced that an American fleet is coming to the peninsula. There is no confidence felt that the powers will interfere, even if defenseless seaports are bombarded, and, therefore, what measures of defense are possible are being adopted.

Marshal Martinez Campos, in the course of an interview at San Sebastian, said it was impossible that negotiations for peace should be entered upon by the Spanish and American governments, for the reason that the time was not yet ripe.

Impartial says the Carlists are a great source of anxiety to the government. It avers that an old-decamp of Gen. Maximo Gomez has asserted that there will be a new insurrection in Cuba against the Americans, "as the Cubans believe the Americans do not desire the independence of the island, but its submission to American rule."

El Liberal says that peace is impossible if the United States claims possession of Cuba. "The Spanish army is determined to repel such a claim, but, even should the army cease to exist, there would be 90,000 volunteers fully resolved to uphold the Spanish flag and to reject peace."

"In the event of the Spanish soldiers quitting the island," says El Imparcial, "the war would be continued by its inhabitants, who do not wish to become Yankees."

SPAIN AWAITING THE END.

Belief That Overtures of Peace Will Follow the Fall of Santiago.

Paris, July 11.—The Madrid correspondent of the Temps says:

"The end is impatiently awaited, even the government no longer attempting to disguise its conviction that after the fall of Santiago the time will have come for thinking about overtures of peace, especially as all the European chancelleries advise this course."

The Temps, commenting upon the foregoing dispatch from its Madrid correspondent, says: "What should decide neutral cabinets to give wise counsel to Madrid is not only the fact that the latest developments of the war have entirely changed the complexion of the situation, which was already grave enough for Spain, but the further fact that there are trustworthy indications of a beginning of a reaction in favor of peace in official circles."

A letter from Madrid says that General Blanco, in replying to the government's request for his views of the situation, urges "war to the end," and asserts that the Cuban volunteers cannot be reconciled to the idea of the handing over of the islands to the Americans, especially now that a great majority of the Cubans favor Spain.

It is believed in Paris that the interview between Senor Sagasta, the Spanish premier, and the Austrian ambassador, and that of Senor Sagasta with the Archduchess Elizabeth of Austria, are connected with the invoking of the good offices of the Austrian government with a view to establishing peace.

Afraid of American Fleet. Cadiz, via Gibraltar, July 11.—The government has wired orders to display the utmost activity, fearing the arrival of the American squadron at an early date. Guns and howitzers of 24 and 30 centimeters have been placed on the Punta Carnero. Heavy artillery and a garrison have gone to Palma Rocks, between Carnero and Algeiras.

In Mourning for the Armada. Messina, Sicily, July 11.—The officers of the torpedo boat destroyers which accompanied Admiral Camara to Port Said arrived here Saturday night on the return trip. They were much affected on learning of the destruction of Admiral Cervera's fleet, declaring themselves ready to make every sacrifice and determined to fight to the last.

Camara's Fleet Sails West.

New York, July 11.—A special cable to the Tribune from Port Said says the Spanish squadron, with the exception of the Pelayo and the San Augustin, has started for Cartagena. The Pelayo remains to take 600 tons of coal from the San Augustin, after which she will proceed to the same port.

Cabinet Ignores Peace.

Madrid, July 11.—The cabinet council Sunday, the ministers, declare, did

not touch the peace question. On the contrary, war was the principal object of the government's deliberation. The council was occupied with a dispatch from Gov.-Gen. Blanco detailing his means of defense in Cuba.

FORESTERS WRANGLE.

Chicago Delegates to Supreme Court Convention Conduct Deliberations.

Milwaukee, June 11.—The supreme court of the United Order of Foresters, which is holding its sessions in this city, opened its meeting with a wrangle that will, some of the members say, cause trouble later.

The constitution provides that in case any of the high courts owe the supreme court for supplies, or other indebtedness, on the first of the month preceding the annual meeting, the delegates from the courts so indebted shall be debarred from taking part in the proceedings unless two-thirds of the delegates entitled to act agree to allow their admission.

When the delegates gathered Saturday it was found that with the exception of Chicago each of the high courts was in arrears to the supreme court. Consequently the three Chicago delegates were the only ones qualified to transact business, and they began their deliberations by shutting out the other representatives.

William A. Stolls, Chicago, was elected supreme chief ranger.

Later there was a reconciliation, and the excluded delegates were admitted as visitors, but without the right to vote. James A. Schloemaker, of St. Paul, past supreme chief ranger, said an arbitrary action would lead to the disruption of the order, and maintains, in spite of the apparent reconciliation, that the election of the new officers will be taken into the courts. Other members say there will be no further trouble.

AUSTRIA WILL AID SPAIN.

Reverses of the Madrid Government Excite Sympathy at Vienna.

London, July 11.—The Observer's Vienna correspondent says:

"The Spanish reverses have caused here a fresh outburst of sympathy with Spain, and there is a greater prospect of intervention now than at any previous period of the war."

"At the beginning of the war there was an influential party at the Austro-Hungarian court in favor of immediate intervention, but the wiser counsels of Count Goluchowski, the Austro-Hungarian minister of foreign affairs, prevailed."

"Now, however, that Count Goluchowski has been accorded a vote of confidence by the delegation, giving him practically a free hand in foreign affairs, he will no longer oppose the wishes of the court party, and Austria, as soon as possible, will attempt to arrange an European intervention."

Bring Gold from Alaska.

San Francisco, Cal., July 11.—The first party of gold seekers to reach here direct from the Klondike since last summer arrived Sunday morning on the schooner Hattie I. Phillips from St. Michaels. Twenty men were on the schooner, and while none of them will say how much treasure they brought, it is known that the combined wealth of the party is about \$3,000,000, most of it the result of one season's work in the mines.

Fatal Trolley Accident.

Washington, July 11.—An electric car on the Congress Heights road, filled with passengers, crashed into a horse car on the Anacostia line Sunday night. An unknown man was killed and between twenty and thirty people injured, several of them fatally. Both cars were demolished and the horses of the Anacostia car killed.

A LONG-FELT WANT.

It Is Supplied At Last In Janesville.

It is hard to always be pleasant. Good natured people are often irritable.

If you knew the reason you would not be surprised.

Ever have itching piles?

Not sick enough to go to bed or well enough to be content.

Nothing will annoy you so.

The constant itching sensation.

Hard to bear; harder to get relief.

Keeps you awake nights.

Spoils your temper, nearly drives you crazy?

Isn't relief and cure a long felt want?

It is to be had for everyone in Doan's Ointment.

Doan's Ointment never fails to cure itching piles.

Eczema or any itching of the skin.

Here is proof in the testimony of a citizen:

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for itching of the skin, but found nothing to give me relief until I struck Doan's Ointment, which I obtained at the Janesville Co's. drug store. I had an affliction of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itching and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation."

Doan's Ointment is sold for 50 cents per box by all dealers. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U.S.

Remember the name, Doan's, and take no other.

BRING WOUNDED AND SICK.

Victims of the War Arrive at Tampa, Fla.

MAY ALL BE BROUGHT NORTH.

Only the Names of the Officers Have Been Given Out, but Those of the Enlisted Men Will Soon Follow—Heart Causes Sickness.

Washington, July 11.—Another grim reminder of the dark side of the war came to the war department Sunday in the shape of a list, telegraphed from Tampa, of the wounded and sick officers brought into that port on the transport Cherokee from Siboney. It did not include the names of the enlisted men, but these may follow shortly. The surgeon general will consult the medical officers now at Tampa as to the disposition of the invalids, and it is probable that such of them as are able to bear further transportation will be brought north, where they will be surrounded by better conditions than exist at the temporary and crowded southern hospitals.

The list of the wounded and sick officers brought by the Cherokee is as follows:

Bigelow, John, Jr., captain; gunshot, thigh and calf of left leg.

Barnum, M. E., lieutenant; gunshot, right leg.

Godfrey, G. D., first lieutenant; gunshot, scalp.

Ellis, M. C., Thirteenth infantry; gunshot, left knee.

Wassell, W. M., first lieutenant; gunshot, left cheek and neck; also left hand.

Wood, W. S., lieutenant, Ninth cavalry; gunshot, right cheek and throat.

Bret, J. E., captain; gunshot, right elbow.

Kinnison, H. L., lieutenant; gunshot, left breast and elbow.

Lyon, H. G., lieutenant; gunshot, right hip.

Ducat, A. C., captain; gunshot, both thighs.

Simmons, W. H., lieutenant; gunshot, right arm.

Spencer, R. E., lieutenant; gunshot, right leg and left hand.

Lassiter, captain; gunshot, right side.

The following are sick:

Young, S. E. M., general.

Heyl, A. B., captain.

Allen, S. F., captain.

Saltzman, C. M., lieutenant.

Patten, G. H., lieutenant.

Lewis, F. W., lieutenant.

Sewell, Robert, captain.

French, W. E. P., lieutenant.

Coe, J. N., major.

Gallinger, Dwight, chaplain.

Rivers, W. C., lieutenant.

Humphreys, C. B., lieutenant.

Perkins, F., lieutenant.

All these are sick from the effect of heat, but are doing well.

LANDED IN CUBA.

First Illinois Infantry Is Now in the Enemy's Country.

Off Juragua, Cuba, July 9 (via Port Antonio and Kingston, Jamaica, July 11).—Six troops, carrying 2,500 men, six batteries of artillery and a large quantity of ammunition and supplies, arrived here at 7:30 o'clock this morning.

The transports took the troops and equipments aboard at Tampa and were joined by their convoy at Key West. They sailed last Tuesday morning.

The fleet consists of the City of Macon and the Gate City, carrying the First Illinois Infantry, 1,350 men; the Hudson, with 930 recruits for the regiments of regulars in the field, and the Comanche, Unionist and Specialist, carrying horses, ammunition, stores and batteries C and F of the Third artillery, B and F of the Fourth artillery and D and F of the Fifth artillery, under command of Brig.-Gen. Randolph. The convoy was made up of the gunboats Machias and Wilmington and the tug Leyden. The men are in excellent spirits and their voyage was a pleasant one, except for one rough night.

BIG FIRE AT HAMMOND.

Starch Factory Destroyed—Firemen Without Water—Loss \$250,000.

Chicago, July 11.—Fire destroyed the West Hammond plant of the Western Starch Manufacturers' association Sunday morning. Eight buildings, covering seventeen acres of ground, and representing an investment of \$250,000, were burned, only the tall stack of the power house remaining at night. Between 200 and 300 workmen were thrown out of employment.

The feed building, where the fire started, was situated at the north end of the plant, and the strong wind blowing from the north carried the flames rapidly to the other buildings. The fire department of Hammond responded promptly to the alarm, but the fire engine of the city was not in working order, and the pressure on the water mains was so slow that the hose could not throw a stream on the fire. By noon the entire plant was in ashes, though smoldering piles of starch and feed occupied the attention of the firemen till late in the afternoon. Twelve railroad cars were also burned, nine of them being loaded for shipment. Over 12,000 barrels of starch were in the buildings.

The origin of the fire is unknown, but it is supposed that it started from an overheated journal or friction of the gluten conveyors. The loss is covered by insurance.
